Introduction

Station Road is a main highway corridor which runs through the heart of Harrow and carries significant amounts of traffic and generates large numbers of pedestrian movements. The Council has been successful in securing funding from Transport for London (TfL) to introduce highway improvements along Station Road between the Civic Centre and Hindes Road.

Station Road is a key route between the town centres of Harrow and Wealdstone. Surveys have indicated that both footways are particularly well used by pedestrians accessing local shops, local destinations and public transport links.

The treatment at side roads through this section vary, as not all have raised crossings. Therefore in order to improve pedestrian facilities and to create a more comfortable pedestrian environment, the Council intends to make improvements to raise the remaining side roads in this section.

The visibility of pedestrians at the informal pedestrian crossing outside number 59 Station Road is often impeded by parked vehicles, which is a safety concern. Therefore the council also intends to make improvements to the waiting and loading restrictions in this area.

The aims of the scheme are as follows:

- Improve pedestrian facilities
- Create a more pleasant and attractive environment
- Improve footway links between Harrow and Wealdstone Town centres.
- Rationalise existing parking
- Create loading facilities to help businesses

Details of our proposals for Station Road are shown in the enclosed plan your information.

Typical raised entry treatment
Introduction

Station Road is a main highway corridor which runs through the heart of Harrow and carries significant amounts of traffic and generates large numbers of pedestrian movements. The Council has been successful in securing funding from Transport for London (TfL) to introduce highway improvements along Station Road between the Civic Centre and Hindes Road.

Station Road is a key route between the town centres of Harrow and Wealdstone. Surveys have indicated that both footways are particularly well used by pedestrians accessing local shops, local destinations and public transport links.

The treatment at side roads through this section vary, as not all have raised crossings. Therefore in order to improve pedestrian facilities and to create a more comfortable pedestrian environment, the Council intends to make improvements to raise the remaining side roads in this section.

The visibility of pedestrians at the informal pedestrian crossing outside number 59 Station Road is often impeded by parked vehicles, which is a safety concern. Therefore the council also intends to make improvements to the waiting and loading restrictions in this area.

The aims of the scheme are as follows:

• Improve pedestrian facilities
• Create a more pleasant and attractive environment
• Improve footway links between Harrow and Wealdstone Town centres.
• Rationalise existing parking
• Create loading facilities to help businesses

Details of our proposals for Station Road are shown in the enclosed plan for your information.

We need your views

Please return your comments on these proposals by 30th September 2016.

If you are going to make comments on the proposals, the Council would encourage you to submit your response electronically as it is environmentally friendly and helps the council save costs. Please submit your comments by using the questionnaire on-line by visiting www.harrow.gov.uk/trafficconsultations which will direct you to a page containing the survey named Station Road – Highway Improvement Scheme. You may be asked to register your details before completing the survey.

If you do not have internet access, please complete the attached questionnaire and return it to:

Service Manager – Traffic, Highways and Asset Management
Harrow Council
PO Box 39
Civic Centre
Station Road
Harrow
HA1 2XA

Can I see the proposals in more detail?

A more detailed large-scale plan of the proposals can be viewed at:

Harrow Civic Centre - 4th Floor, Station Road, Harrow HA1 2XA
(Opening hours – 9am to 5pm, Monday to Friday)

What happens next?

We will consider all the comments returned to us, and if appropriate, modifications may be made to the scheme proposals. It is anticipated that the construction works will be completed by April 2017.

Further information

If you require further clarification or would like to discuss any issues related to the scheme, please contact the address below:
