Please respond to this consultation online by visiting www.harrow.gov.uk/trafficconsultations
Background

The council has been successful in securing funds from Transport for London (TfL) to improve crossing facilities along London Road, Harrow-on-the-Hill.

We are therefore informing you of our proposals to provide a zebra crossing along London Road near its junction with Mount Park Avenue.

The proposals will allow all pedestrians, particularly the school children to safely cross London Road which can be difficult to cross during peak periods.

We need your views

Please return your comments on these proposals by Friday 7th October 2017.

If you are going to make comments to these proposals, the Council would encourage you to submit your response electronically as it is environmentally friendly and helps the council save costs. Please submit your comments by using the questionnaire on-line by visiting www.harrow.gov.uk/trafficconsultations which will direct you to a page containing the survey named ‘London Road – Pedestrian crossing’. You may be asked to register your details before completing the survey.

If you do not have internet access, please complete the enclosed reply form and return it to the address below:

What about the emergency services – police, fire, ambulance etc?

The emergency services along with other interested parties are consulted individually for their opinion and views on the proposals.

What happens next?

We will consider all the comments returned to us, and if appropriate, modifications may be made to the scheme proposals. It is anticipated that the construction works will be completed by August 2017.

Further information

If you require further clarification or would like to discuss any issues related to the scheme, please contact Tushar Patel, at the address below:

Harrow Council
PO Box 39
Civic Centre
Station Road
Harrow
