TREVE AVENUE AND PORLOCK AVENUE
Bus Route Improvement Scheme

PUBLIC CONSULTATION

IMPORTANT – THIS AFFECTS YOU – PLEASE RESPOND
Introduction

Harrow Council works closely with Transport for London (TfL) to promote and improve public transport facilities, which includes making bus services more attractive, safe and reliable mode of transport. We have been successful in securing funding from TfL to address congestion and delays issues along Porlock Avenue and Treve Avenue and we are therefore seeking your views on these proposals.

Bus Route 140’s reliability is affected by the section of Treve Avenue and Porlock Avenue between its junctions with Charles Crescent and Merton Road. The main issue identified as the reason for delays on this route is traffic congestion caused by vehicles parking within designated parking bays on eastern side of Treve Avenue and Porlock Avenue. After detailed investigation, measures have been identified to improve the existing situation and to prevent delays to buses and other traffic.

Proposals

A small section of existing on street parking bays is proposed to be converted into partial in-set parking bays to increase road widths. This will allow two buses to pass each other safely at the following locations:

- Treve Avenue - between its junction with Whitmore Road and property no.23, Treve Avenue
- Porlock Avenue - On the Eastern footway, between Merton Road and Whitmore Road, opposite the School House.

The proposals are targeted at addressing the traffic congestion issues along Porlock Avenue and Treve Avenue, whilst consideration has also been given to pedestrian safety and minimising the loss of parking spaces for local residents. Please refer to the attached plans for more detail. The proposals include the following measures:

- **Carriageway widening and partial inset parking bays:**
  The work consists of converting some of the existing parallel parking bays into part inset parking bays by relocating them up to 0.9 metres into the footway thus widening carriageway to allow two buses to pass each other simultaneously.

- **Trees, lamp columns and other street furniture:**
  In order to facilitate new kerb alignments, it is required to remove or relocate some of the existing street furniture, trees and lamp columns along Porlock and Treve Avenue.
  Some trees along the road are diseased, dying or causing damage to footways and require high maintenance. Hence we are taking this opportunity to remove and replant new trees along the road.

- **Vehicle crossovers:**
  All existing vehicle access to the properties will remain unaffected by the scheme proposals.

What about the emergency services – police, fire, ambulance etc?

The emergency services along with other statutory parties are consulted individually for their opinion and views on the proposals.

Who is funding this scheme?

This scheme is entirely funded by TfL to address traffic congestion issues experienced by buses along Porlock Avenue and Treve Avenue. These monies cannot be used for any maintenance related works in the area.
We need your views

If you would like to make comments/objections on these proposals, the council would encourage you to submit your response electronically as it is environmentally friendly and helps the council save costs. Please submit your comments/objections by using the questionnaire on-line by visiting www.harrow.gov.uk/trafficconsultations which will direct you to a page containing the survey named Treve Avenue and Porlock Avenue – Bus Route improvement Scheme. You may be asked to register your details before completing the survey.

If you do not have internet access, please complete the attached questionnaire and return it to:

Service Manager – Traffic, Highways and Asset Management
Harrow Council
PO Box 39
Civic Centre
Station Road
Harrow
HA1 2XA

Please return your comments on these proposals by 7th October 2017.

If you require further clarification or would like to discuss any issues directly related to the scheme, please contact Project Engineer Tushar Patel, using the contact details below:

Tel: 0208 424 7534
Fax: 020 8424 7662
Email: transportation@harrow.gov.uk

Can I see the proposals in more detail?

A more detailed large-scale plan of the proposals can be viewed at:

Harrow Civic Centre
Station Road
Harrow
HA1 2XA

(Opening hours – 10am to 5pm)

Please book an appointment prior to the visit by calling the number below to ensure that an Engineer is available at Harrow Civic Centre to explain the proposals.

What happens next?

All the responses received during the public consultation stage will be analysed and presented to the Portfolio Holder, who will make the decision on the scheme. If appropriate, modifications may be made to the scheme proposals. If the scheme is approved by the Portfolio Holder, it is anticipated that the construction works will begin from January 2017.

Thank you for replying to this consultation
